AFTERMATH OF THE ELECTION.

The Republican Gain Over Four Years Ago is 14,190. Democratic Gain 1,315,211.

THREE PARTIES SHOW LOSS.

* * *

With the filing of the last official returns of Michigan, it is of more than passing interest to note the results from the standpoint of the popular vote. The total vote cast was:

Taft, republican, 7,637,676; Bryan, democrat, 6,360,182; Debs, socialist, 447,661; Chafin, prohibitionist, 241,707; Nagel, independence, 83,186; Watson, populist, 28,571; Gilhaus, socialist labor, 15,421.

Total for all candidates, 14,853,230.

The grand total exceeds by 1,341,551 the total number of votes cast in the presidential election of 1904, when the grand total was 13,510,708.

The republican, democratic and socialist parties each made a gain over the vote of four years ago but the prohibition, populist and socialist labor parties went back. The independence party did not figure in the election of four years ago and cut very little figure this.

The democratic gain far exceeded the gain of all the others combined. This shows a decadence of some of the minor parties and a trend toward the democratic party. A similar gain four years hence would carry the democrats into power by the small majority of 70,717.

If the Republicans are able to "make good" most of their campaign and platform pledges and can steer the Ship of State clear of the shoals of panics they will carry one or two more elections; the masses of the people are becoming restless and impatient with many policies of the Republican party and it is a question of only one or two more presidential terms when the Democrats come in for another inning.

Church Notices.

The Florida Conference of the M. E. church, South, which convened in Miami December 16th, reappointed J. Langdon Cooper to the Kingston church for the year 1909. The Kingston church, which last year, by action of the conference held at Tampa, was connected with New Smyrna and Port Orange, was, by action of the late conference, separated, and constituted a station work, which means that Mr. Cooper will give all his time to this church, preaching every Sabbath morning and evening. There will be preaching tomorrow. The subject to be treated in the morning sermon will be "Loyalty to Christ measured by service rendered for Him." In the evening sermon the question considered will be "What did the wise men of the East find the infant Saviour?" The Epworth League meets every Sabbath at 6 p. m. and the Sunday school at 10 a. m. Every Wednesday evening at 7 o'clock is the prayer meeting.

Miss Mary Somerall, of Ormond, together with her guest, Miss Lida Bronson, of Michigan, were in the city Thursday spending the day with Miss Flossie Bingham, of Orange avenue.

Preliminary Meeting Daytona Elks Last Evening, Arrangements Made For Installation.

FUN TAKES PLACE FRIDAY NIGHT.

* * *

Daytona Lodge No. 1080, B. P. O. E., held a preliminary meeting Friday night to make arrangements for the institution of the new lodge of Elks, which will take place in Masonic Hall on Friday evening, January 8th.

The meeting was called to order and T. E. Fitzgerald elected chairman. A committee of five was appointed by the chair to name a ticket to be voted at the institution of the lodge. The committee reported as follows:

J. D. C. Morris, Past Exalted Ruler.
Louis Adler, Exalted Ruler.
Henry Schmidt, Leading Knight.
J. H. Pierson, Loyal Knight.
G. B. Seaman, Lecturing Knight.
F. M. Rowe, Secretary.
F. N. Conrad, Treasurer.
C. M. Bingham, W. M. Hawkins, E. F. Oates, Trustees.
F. D. Spring, Tiler.

The chair appointed Messrs Pierson, Adler, Crouch, Bingham and Spring a social committee to take charge of the entertainment of the initiates and visiting Elks. This committee met at Dr. Pierson's office after adjournment and made the necessary arrangements for a banquet and smoker. Plenty of good things will be provided and everything will be done that can be to make the visit of the Elks to Daytona a pleasant one.

The new lodge will be instituted by Orlando Lodge, assisted by members from St. Augustine. The installing officer will be Henry S. Chubb, of Gainesville, District Deputy Grand Exalted Ruler.

The business men of Daytona are requested to decorate for the occasion and hunting appropriate to the Elks will be furnished.

All Elks running in the forest are requested to "round up" on that occasion and help place the antlers on the prospective members.

Watch Parties.

A number of watch parties were given in the city Thursday night, at which the guests found no trouble in keeping awake long enough to see the Old Year out and the New Year in.

Byron P. Dague, of Deadwood, S. D., entertained a few friends at his cottage on South Palmetto avenue. After a round of the pictures shows a delightful luncheon was served.

John V. Price was at home to a number of his friends with a stag party Thursday evening, at his home, on Orange avenue. A jolly evening was enjoyed by all present.

A watch party dance was given at the Wilmore opera house.

A party of little folks, about 20 in number, gathered at the home of Mr. and Mrs. Robt. L. Pappy, on S. Palmetto avenue, New Years' afternoon, to celebrate the fifth anniversary of the birth of Robt. L. Pappy, Jr.

UNPARALLELED LOSSES BY EARTHQUAKE.

Developments Show Loss of Life and Property To Be Greatest In World's History.

PROPERTY LOSS IS $1,000,000,000.

* * *

[By United Press.]

ROME, Jan. 2.—The greatest need of the earthquake devastated region today is a systematic plan for relief and rescue. In several places there is a surplus of food and even an abundance of medical supplies, but in many other places there are only enough provisions to keep the survivors from starving and no medical supplies.

There is no news of the estimates of the deaths of an official character for two days, but the government places the dead at somewhere between 120,000 and 150,000.

In combined loss of life and property destruction the quake is unparalleled.

The church authorities at Messina reported to Pope Pius today that they fear a number of Americans are in the ruins of that city. The property loss is estimated at approximately one billion dollars.

Minister of Public Works Bertolini has sent a call throughout Italy for workmen to be sent to the scene of the disaster.

[By United Press.]

BUFFALO, N. Y., Jan. 2.—Mrs. Harvey Spencer, 65, and her son, R. C. Spencer, met death by fire in their home at Hamburg, near here, today. An overheated furnace is supposed to have been the cause of the fire.

[By United Press.]

HOT SPRINGS Va., Jan. 2.—Terror-stricken at what is believed to be threatening volcanic disturbances many farmers in the neighborhood of Greenbank, a small town in West Virginia are preparing to leave their homes.

It is reported that a crater has appeared in the side of one of the mountains from which flames and sulphurous steam is issuing.

GOVE GETS HIS IN THREE BIG LEMONS.

* * *

Anybody Else Got Anything Up Your Sleeve For Big Contractor? Hand It In.

Mr. Gove's case at the 'ds finish is a striking exemplification of the old saying that troubles never come singly. Mr. Gove says that in the wind up the first lemon handed him was a keen touch of sciatica. Ever have sciatica? Having a tooth pulled is a delightful pastime in comparison with wrestling with a fellow, when with one fell stroke at your lumbar coupling it puts you down and out.

The second lemon was of the pandemonium species; it was a fire that licked up his work shop and tackets contained $2,000 worth of stuff.

The third lemon was plucked a little green, still it carried considerable acid. It was in the form of a protest against his rebuilding.

Mr. Gove now says if anybody else has anything up his sleeve in the nature of a lemon he would thank him to hand it out at once so that he may know just "where he is at" as nearly as possible at the beginning of the new year.

COMMITTEE WILL CALL MONDAY.

The sky looks clearer this morning in automobilism, and the committee having charge of affairs say the race meet is "on a'gin."

A number of persons who evidently did not realize the importance of having money to conduct the meeting have volunteered to contribute their shares, and with the money now in hand, and what is promised and anticipated, the prospect of the big automobile tournament has taken on a brighter hue.

Next Monday morning the committee will start out en masse with a load pipe and a bag full of moral suasion and bust out all the nooks and by-places where money may be found.

When the committee calls give them the glad hand, and see that whatever you feel able to contribute slips into the hands of the committee.

IT'S A NEW DEAL IN COUNTY OFFICERS.

* * *

Sheriff Jack Turner Steps Out After Long Service and E. L. Smith Goes In.

J. R. Turner, "the best Sheriff Volusia county ever had," to use the language of the DeLand Supplement steps down and out on Tuesday, and Daytona's successful aspirant for the place assumes control. Mr. Turner has made a faithful and energetic officer all three years, and he resigns with hosts of friends and a strong following.

E. L. Smith, who succeeds to the office, has many qualifications which fit him for the work, and it is confidently believed he will discharge the duties and obligations in a business-like and satisfactory way.

New county officials will be installed in office next Tuesday, January 5th. The law provides that they take their seats on the first Tuesday after the first Monday in January. When the year begins on Tuesday the new officials do not take possession of their offices until the following Tuesday. There will be few changes this time, as nearly all of the officials succeed themselves.

W. D. Bradshaw succeeds Dr. E. L. Potter as County Commissioner. George F. Crouch, of Daytona, succeeds himself on the School Board.

Volusia county citizens and taxpayers may well congratulate themselves on the honest, intelligent and efficient corps of officers who will conduct the county's business. They are men of intelligence, clean hands and public spirit and pride, and the affairs of the county will be conducted in a conservative, business-like way.

MAGNIFICENT QUARTETTE OF TOURERS.

A Consignment of Handsome Touring Cars Add Conspicuously To Automobile Circles.

GLASS FRONTS AND ALL FRILLS.

* * *

A consignment of four handsome touring cars came in as New Year gifts for Messrs. F. N. Conrad, T. E. Fitzgerald, Louis Adler and W. H. Peters. The big four were taken in tow at the freight yard of the F. E. C. Ry. by T. A. Cotton in his White steamer and brought down town. The handsome procession was the cynosure of all eyes as it gracefully swung the street corners and elicited exclamations of applause because of the beauty of the cars and the striking picture they presented.

They came in two cars, and were twelve days in transit, which is pretty quick time from the factory to Daytona.

They are the Chalmers-Detroit make, and the finest specimens of the manufacturers' art. They will be an appreciated acquisition to the automobile circle, which is daily growing larger.

This new arrival helps to give emphasis to the statement that Daytona is ranking with the great cities of the South in the use of automobiles. W. H. Peters is the local agent for the Chalmers-Detroit car.

MISS MAGGIE MORGAN WINS HANDSOME COMB AND BRUSH.

* * *

High School and Wilmar's Opera House Still In Lead, But Rifles Make Gain.

The same old story, "the Daytona High School still in the lead," but their lead was shortened by about 7,000, the Halifax Rifles making a spurt. The Eastern Star lengthened their lead, and Miss Morgan, but they will have to step some to catch the Rifles.

Outside of Daytona, Wilmarns Opera House is still ahead, but the Seabreeze High School made a nice gain, while the Kingston school made a spurt and passed the Seabreeze Congregational church.

The interest for the last few days has centered in the handsome comb and brush set offered at the Clark jewelry store for the individual getting the ticket vote for New Years night. The prize goes to Miss Maggie Morgan, the nearest competitor to Miss Morgan being Miss Alice Daugherty, of Daytona Beach.

Miss Lillian Bingham will return to Winter Park to resume her studies at Rollins College Monday, after spending the holidays with her father, Col. C. M. Bingham, of Orange avenue.

St Mary's people had a fine time at the rectory yesterday. The ladies of the Choir Guild kept open house from 3 to 5 and from 7:30 to 9:30 p. m. The house was tastefully decorated with flowers. Mesdames Stanley, Davidson and Brower were in the receiving line, Mrs. Blount, Mrs. Rose and Miss Wilder, assisted by a number of the younger set, supplied the wants of the guests.

Dr. Houghton was on hand in his own genial way, and added very much to the pleasure of the occasion by dispensing the best music on his fine gramophone.

BAPTIST CHURCH.

Usual services at the Baptist Church tomorrow. At the evening service there will be three baptisms. All are cordially invited to attend.

CONGREGATIONAL RECEPTION.

The parish reception tendered Rev. and Mrs. B. F. Marsh last evening at the Congregational Church was a most delightful affair and was participated in by the large majority of the members and a goodly number of invited friends.

Rev. and Mrs. Marsh were assisted in the receiving line by Dr. and Mrs. Leland, of Daytona Beach, and by W. C. Smith, and the greetings were most cordial and serviceable.

Mrs. H. B. Church favored the guests with two songs which were greatly enjoyed. Mrs. W. C. Smith gave a delightful reading and Mrs. O. E. Pratt "brought down the house" with a clever rendition of a humorous selection.

The wife of all were stimulated by an indulgence in coffee and wafers and altogether the reception was a most pronounced social success.

MAGNIFICENT QUARTETTE OF TOURERS.

A Consignment of Handsome Touring Cars Add Conspicuously To Automobile Circles.

GLASS FRONTS AND ALL FRILLS.

A consignment of four handsome touring cars came in as New Year gifts for Messrs. F. N. Conrad, T. E. Fitzgerald, Louis Adler and W. H. Peters. The big four were taken in tow at the freight yard of the F. E. C. Ry by T. B. Collins in his White steamer and brought down town. The handsome procession was the cynosure of all eyes as it gracefully swung the street corners and elicited exclamations of applause because of the beauty of the cars and the striking picture they presented.

They came in two cars, and were twelve days in transit, which is pretty quick time from the factory to Daytona.

They are the Chalmers-Detroit make, and the finest specimens of the manufacturers' art. They will be an appreciated acquisition to the automobile circle, which is daily growing larger.

This new arrival helps so give emphasis to the statement that Daytona is ranking with the great cities of the South in the use of automobiles. W. H. Peters is the local agent for the Chalmers-Detroit car.

MISS MAGGIE MORGAN WINS HANDSOME COMB AND BRUSH.

High School and Wilman's Opera House Still In Lead, But Rifles Make Gain.

The same old story, "the Daytona High School still in the lead," but their lead was shortened by about 7,000, the Halifax Rifles making a spurt. The Eastern Star lengthened their lead over Miss Morgan, but they will have to step some to catch the Rifles.

Outside of Daytona, Wilmans Opera House is still ahead, but the Seabreeze High School made a nice gain, while the Kingston school made a spurt and passed the Seabreeze Congregational church.

The interest for the last few days has centered in the handsome comb and brush set offered at the Clark jewelry store for the individual getting the highest vote by New Year's night. This prize goes to Miss Maggie Morgan, the nearest competitor to Miss Morgan being Miss Alice Daugherty, of Daytona Beach.

Miss Lillian Bingham will return to Winter Park to resume her studies at Rollins College Monday, after spending the holidays with her father, Col. C. M. Bingham, of Orange avenue.

NEW YEAR'S RECEPTION.

St Mary's people had a fine time at the rectory yesterday. The ladies of the Choir Guild kept open house from 3 to 5 and from 7:30 to 9:30 p. m. The house was tastefully decorated with flowers. Mesdames Stanley, Davidson and Brower were in the receiving line. Mrs. Blount, Mrs. Rose and Miss Wilder, assisted by a number of the younger set, supplied the wants of the guests

Dr. Houghton was on hand in his own genial way, and added very much to the pleasure of the occasion by dispensing the best music on his fine gramophone.

BAPTIST CHURCH.

Usual services at the Baptist Church tomorrow. At the evening service there will be three baptisms All are cordially invited to attend.

CONGREGATIONAL RECEPTION.

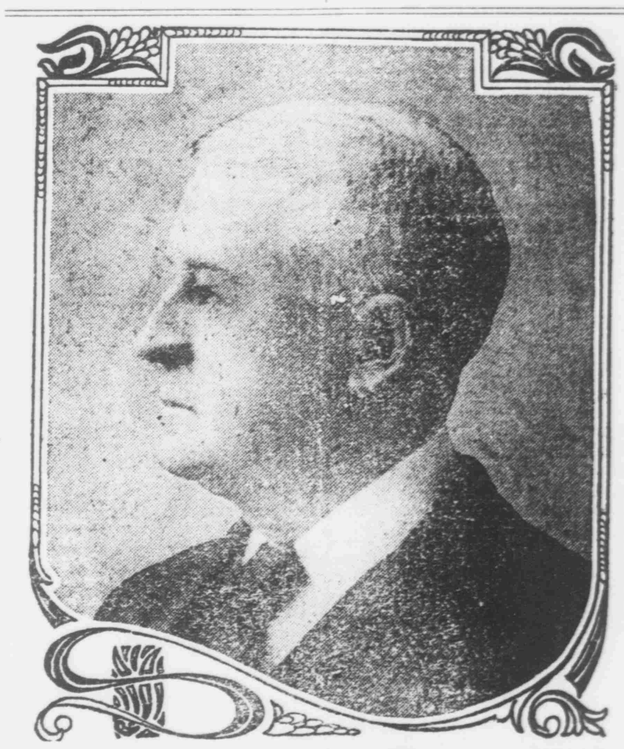
The parish reception tendered Rev. and Mrs. B. F. Marsh last evening at the Congregational Church was a most delightful affair and was participated in by the large majority of the members and a goodly number of invited friends.

Rev. and Mrs. Marsh were assisted in the receiving line by Dr. and Mrs. Leland, of Daytona Beach, and by W. C. Smith, and the greetings were most cordial and seasonable.

Mrs. M B. Church favored the guests with two songs which were greatly enjoyed. Mrs. W. C. Smith gave a delightful reading and Mrs. O. E. Pratt "brought down the house" with a clever rendition of a humorous selection.

The wits of all were stimulated by an indulgence in coffee and wafers and altogether the reception was a most pronounced social success.

Did you meet that clean shaven Dude under a green Derby? Nothing short of a new process KEEN KUTTER SAFETY RAZOR turned him out. He is after a New Year's gift for the other fellow. R. S. Maley's is the beauty parlors for Razors. 27-2



JOHN J. M'COOK, WHO MAY ENTER TAFT CABINET.

Those who profess to have some information as to Mr. Taft's plans for the new cabinet believe that Colonel John J. McCook, the well known New York lawyer, is slated for a portfolio. Mr. Taft and Colonel McCook are warm personal friends, and acquaintances of both men are of the opinion that if the president elect decides to give the Empire State two cabinet places Colonel McCook will be selected for one of them.

SEABREEZE, Jan. 2.—The San Souci club held its meeting Wednesday afternoon of this week at the attractive home of Mrs. A. Ayres. As hostess Mrs. Ayres was assisted by her sister, Mrs. W. F. Ayres. The program, "A Discussion of the New Books," followed by a short business session, called out some interesting views on present day fiction. The social hour was made a special feature, during which dainty refreshments were served. Mrs. Watson's name was proposed and she was received as a new member of the club.

The town council met in special session Dec. 29th. A petition was read from W. C. Cummins for permission to move the old Randall barn. Permission was granted. The contract was let to Sydney Haigh to repair Ocean boulevard and other streets in need of repair.

At the meeting of the Ladies' Sewing circle Thursday afternoon at the home of Mrs. E. E. Dayton a committee was appointed to confer with C. F. Burgman in reference to securing the Wilmans opera house for the church basaar, which will probably take place in February. The ladies are working industriously on sundry pretty conceits in fancy and useful articles and will have a fine display for sale.

A Ayres and brother, W. F. Ayres made the best trip in the Halifax below Fort Orange yesterday and returned with a catch of fifty fish.

Mr. Waterson is having his river lot north of the Hunt property underbrushed and grubbed. It is his intention to build on it.

P. Stuart's home on Atlantic avenue has been brightened by a fresh coat of paint.

The many friends of Roger W. Whitfield will be interested to know that he is now in Germany and that his health is improving. He does not expect to return home this winter.

Mrs. Duke and son arrived from Evansville, Ind., Wednesday, and are guests at The Mayfield.

The first house warming of the season was held by the country club at the club house Thursday evening. About twenty couples were present. Dancing and card playing were enjoyed. An elegant cold collation was served. On the stroke of twelve Mrs. Potter rang the bell and nine guns were fired. The music was furnished by the Colonnades orchestra and was quite a feature of the evening's pleasure.

Out to Work.

"What society needs is a clearing house."

"What do you mean?"

"I wish I didn't have to go to the Van Squawker ball next week. The Van Squawks wish they didn't have to ask me. Why can't we exchange certificates and call the thing even?" —Kansas City Journal.

Doings at Daytona Beach

DAYTONA BEACH, January 2.—A watch party was held at the Seaside Inn Thursday evening. Cards were enjoyed during the evening and a luncheon was served at 12 o'clock which included a dainty Welsh rarebit, prepared by Mrs. Gertrude Smith, wirtard of the chafing dish.

Mr. and Mrs. W. B. Reed celebrate their golden wedding today. Mr. Reed's present to his wife will be 100 gold dollars. The Hastings (Mo.) Democrat takes notice of the occasion in a complimentary way to this worthy couple. The Daily News takes this occasion to extend hearty congratulations along with numerous other friends of the Southland.

A brave and grand-niece of Mr. and Mrs. H. A. Ainsworth, Misses L. and F. Ainsworth, arrived from Illinois Thursday afternoon and are guests at the Seaside Inn.

Mr. and Mrs. Harris, of Indiana, are among the recent arrivals and have located for the season in the E. C. Hibbard apartment house.

Mr. and Mrs. D. W. Suffell arrived the latter part of this week and have rooms at the E. C. Hibbard house. Mr. and Mrs. Suffell were in Daytona three winters ago and spent the season at The Riverside.

The carpenters and decorators are now through at Mr. and Mrs. Haynor's picturesque home on the Halifax and interior as well as exterior is harmonious and artistic.

Mrs. A. J. Beardsley is expected from the north some time next week and will join Mr. Beardsley at their home on Valley street.

W. F. Bleckman's property on Valley street has been greatly improved by cement sidewalks and the fillets made on his front yard. The yard has been well graded and will be set to St. Augustine grass. As Mr. Bleckman owns considerable frontage and two apartment houses on this street the change is quite noticeable from past conditions.

The increase of the crowd at the postoffice is quite noticeable now. This is one of the surest indications of the season's arrivals.

Dr. Young and wife, of Indiana, and Mr. and Mrs. Jones, of Jeffersonville, O., former guests, arrived yesterday and will spend the season at the White House.

For a Bride's Dowry.

There is a very pretty custom in some of the northern parts of Europe. There the white poplar in good soil increases a shilling in value every year. The trees are generally cut down at the age of twenty years, as they are then supposed to have attained their full growth. When a daughter is born in the family of a well to do farmer the father as soon as the season permits plants a thousand young trees, and these are to constitute the dowry of the maiden, "which grow as she grows and increases in height and value as her virtues and beauty increase."

Personals

H. W. Williams, who arrived from Joliet, Ill., three weeks ago and was later joined by his wife and two daughters, has located for the season in Mrs. Spencer's cottage on North Beach street. The Wickedest Bit of Sea.

Nine out of ten travelers would tell inquirers that the roughest piece of water is that cruel stretch in the English channel, and nine out of ten travelers would say what was not true. As a matter of fact, the wickedest bit of sea" is not in the Dover strait or in yachting, for example, from St. Jean de Luz up to Pauillac or across the Mediterranean "race" from Cadiz to Tangier, nor is it in rounding Cape Horn, where there is what sailors call a "true" sea. The "wickedest sea" is encountered in rounding the Cape of Good Hope for the eastern ports of Cape Colony.

SEABREEZE, Jan. 2.—The San Souci club held its meeting Wednesday afternoon of this week at the attractive home of Mrs. A. Ayres. As hostess Mrs. Ayres was assisted by her sister, Mrs. W. F. Ayres. The program, "A Discussion of the New Books," following a short business session, called out some interesting views on present day fiction. The social hour was made a special feature, during which dainty refreshments were served. Mrs. Watson's name was proposed and she was received as a new member of the club.

The town council met in special session Dec. 29th. A petition was read from W. C. Cannons for permission to move the old Randall barn. Permission was granted. The contract was let to Sydney Haigh to repair Ocean boulevard and other streets in need of repair.

At the meeting of the Ladies' Sewing circle Thursday afternoon at the home of Mrs. E. E. Dayton a committee was appointed to confer with C. F. Burgman in reference to securing the Wilmans opera house for the church bazaar, which will probably take place in February. The ladies are working industriously on sundry pretty conceits in fancy and useful articles and will have a fine display for sale.

A Ayres and brother, W. F. Ayres made the boat trip in the Bin-Ayres below Port Orange yesterday and returned with a catch of fifty fish.

Mr. Waterson is having his river lot north of the Hunt property underbrushed and grubbed. It is his intention to build on it.

P. Stuart's home on Atlantic avenue has been brightened by a fresh coat of paint

The many friends of Roger W. Whinfield will be interested to know that he is now in Germany and that his health is improving. He does not expect to return home this winter.

Mrs. Duke and son arrived from Evansville, Ind., Wednesday, and are guests at The Mayfield.

The first house warming of the season was held by the country club at the club house Thursday evening. About twenty couples were present. Dancing and card playing were enjoyed. An elegant cold collation was served. On the stroke of twelve Mrs. Potter rang the bell and nine guns were fired. The music was furnished by the Colonnades orchestra and was quite a feature of the evening's pleasure.

Out to Work.

"What society needs is a clearing house."

"What do you mean?"

"I wish I didn't have to go to the Van Squawks' ball next week. The Van Squawks wish they didn't have to ask me. Why can't we exchange certificates and call the thing even?"—Kansas City Journal.

Doings at Daytona Beach

DAYTONA BEACH, January 2.—A watch party was held at the Seaside Inn Thursday evening. Cards were enjoyed during the evening and a luncheon was served at 12 o'clock which included a dainty Welsh rarebit, prepared by Mrs. Gertrude Smith, wizzard of the chafing dish.

Mr. and Mrs. W. B. Reed celebrate their golden wedding today. Mr. Reed's present to his wife will be 100 gold dollars. The Hastings (Mo.) Democrat takes notice of the occasion in a complimentary way to this worthy couple. The Daily News takes this occasion to extend hearty congratulations along with numerous other friends of the Southland.

A niece and grand-niece of Mr. and Mrs. H. A. Ainesworth, Misses L. and F. Ainesworth, arrived from Illinois Thursday afternoon and are guests at the Seaside Inn

Mr. and Mrs. Harris, of Indiana, are among the recent arrivals and have located for the season in the E. C. Hibbard apartment house.

Mr. and Mrs. D. W. Suffell arrived the latter part of this week and have rooms at the E. C. Hibbard house. Mr. and Mrs. Suffell were in Daytona three winters ago and spent the season at The Riverside.

The carpenters and decorators are now through at Mr. and Mrs Raynor's picturesque home on the Halifax and interior as well as exterior is harmonious and artistic.

Mrs A. J. Beardsley is expected from the north some time next week and will join Mr. Beardsley at their home on Valley street.

W. F. Bleekman's property on Valley street has been greatly improved by cement sidewalks and the fill-in made on his front yard. The yard has been well graded and will be set to St. Augustine grass. As Mr. Bleekman owns considerable frontage and two apartment houses on this street the change is quite noticeable from past conditions.

The increase of the crowd at the postoffice is quite noticeable now. This is one of the surest indications of the season's arrivals.

Dr. Young and wife, of Indiana, and Mr. and Mrs. Jones, of Jeffersonville, O., former guests, arrived yesterday and will spend the season at the White House.

For a Bride's Dowry.

There is a very pretty custom in some of the northern parts of Europe. There the white poplar in good soil increases a shilling in value every year. The trees are generally cut down at the age of twenty years, as they are then supposed to have attained their full growth. When a daughter is born in the family of a well to do farmer the father as soon as the season permits plants a thousand young trees, and these are to constitute the dowry of the maiden, "which grow as she grows and increases in height and value as her virtues and beauty increase."

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphalium-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in roundle a numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that haughty old white headed bi-lieus poach a fat mullet, and that fish hawk dropping upward with his floundering load as snatched from the water.

See the beautiful launches, quick and spat, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked liveoaks extent their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss, the drifting vines running riot in the trees are the cryptogamous forms which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these stately villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and distribution nearly from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that riveits attention; within they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that gives a charming charm to Daytona homes. This feature justly merits prominence no wonder number four.

Streets and Pavements the Neat and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of package. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "quarter" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet when

Smiling spring its earliest visit paid
And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds fit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fattest Acres And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

EAST COAST MECCA FOR YACHTS.

Canal Connecting Jacksonville and St. Augustine, Means Much For East Florida.

A LONG INLAND WATERWAY.

* * *

With the completion of the canal now being dug from the St. Johns to the North river, near Jacksonville, there will be the long-desired inland waterway from Jacksonville to St. Augustine. With this much-wished-for consummation new life and great impetus will be given pleasure-boating on the East Coast waterway.

Those fine boats of various kinds can be brought to Jacksonville, and a safe and pleasant journey made to Day Biscayne, to Key West in fact.

Jacksonville and St. Augustine each has a power boat club and the members of the clubs will enjoy the trip on the St. Johns, and by the canal between the two cities. The distance is such that it will be just far enough for a delightful outing. The completion of the canal will be looked for with pleasure by all motor boat enthusiasts.

Every winter a large number of power boats are brought to Jacksonville by their owners, but many have an outside trip from the mouth of the St. Johns river to St. Augustine or to Mosquito Inlet, opposite New Smyrna. When the canal is completed, nearly all boats will be brought here, and the start for the cruise down the canal to Miami will be made from Jacksonville.

The canal will be a great developer of the country and will be the cause of many resorts being established to accommodate the people who will make the water trip instead of traveling by rail.

Work is now progressing on the canal, and it is expected that before another winter comes the inland water route will be open for navigation between Jacksonville and Miami.

Daytona will get her full share of attention from the travelers by the inland route. She has always been a popular shopping place and a recruiting station, owing to the fact that the local merchants handle a very full line of such goods as cruisers like to stock their lockers with.

The new canal is but another strong link in the big chain of attractions which is making the East Coast a name throughout the country.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy veranda's looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked liveoaks extent their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see th climbing vines running riot in the trees see the cryptogamons forms which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that rivets attention; within they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that give a surpassing charm to Daytona homes. This feature justly merits prominence as wonder number four.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet where

Smiling spring its earliest visit paid
And summer's lingering blossoms are delayed.

In one yard roses of variagated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Varietv is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fastest Autos And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you Come and see.

EAST COAST MECCA FOR YACHTS.

Canal, Connecting Jacksonville and St. Augustine, Means Much For East Florida.

A LONG INLAND WATERWAY.

With the completion of the canal now being dug from the St. Johns to the North river, near Jacksonville, there will be the long desired inland waterway from Jacksonville to St Augustine With this much-wished-for consummation new life and great impetus will be given pleasure-boating on the East Coast waterway.

These fine boats of various kinds can be brought to Jacksonville, and a safe and pleasant journey made to Bay Biscayne, to Key West in fact.

Jacksonville and St. Augustine each has a power boat club, and the members of the clubs will enjoy the trip on the St. Johns, and by the canal between the two cities. The distance is such that it will be just far enough for a delightful outing. The completion of the canal will be looked for with pleasure by all motor boat enthusiasts.

Every winter a large number of power boats are brought to Jacksonville by their owners, but many have an outside trip from the mouth of the St. Johns river to St. Augustine or to Mosquito Inlet, opposite New Smyrna. When the canal is completed, nearly all boats will be brought here, and the start for the cruise down the canal to Miami will be made from Jacksonville.

The canal will be a great developer of the country and will be the cause of many resorts being established to accommodate the people who will make the water trip instead of traveling by rail.

Work is now progressing on the canal, and it is expected that before another winter season the inland water route will be open for navigation between Jacksonville and Miami.

Daytona will get her full share of attention from the travelers by the inland route. She has always been a popular stopping place and a recruiting station, owing to the fact that the local merchants handle a very full line of such goods as cruisers like to stock their lockers with.

The new canal is but another strong link in the big chain of attractions which is making the East Coast a name throughout the country.

Musings and Meditations.

By DR. W. CARROLL.

The year of 1909, like the many years preceding it, has buried like all of its predecessors with the record of good and bad deeds known in the past. What was done in 1909 can not be undone in 1910. For they have passed as a shadow that passes, as the dew of the dawn of old times soon had thus shadows on grasses, more fleet than a wave or a rhyme.

With advancing years (time, changes. The friends we loved are many of them gone. The scenes in which we moved in early life have changed—or we have passed out of their surroundings. The hopes that once were cherished have many of them faded and are succeeded by the dull and lonely realities of life. Life's new friends, persons in whom we confided have betrayed us, some who professed friendship have become strangers or even enemies. Every year thins away our friends and knocks over the props on which we leaned.

But all these years have brought much of toil and care and much of grief and bereavings. Death has reaped, climate has failed, disasters and disasters have come to many. Nations disrupted, disasters every day and the close of 1909 a nation almost ruined out by earthquake. But goodbyes and sorrys have followed us all the days that are past. For this we praise the Lord and humbly pray that He who has been our God and Guide through years gone by will still lead and guide us not only through the year of 1910 but till the journey's end and with our friends in God there remains our heartfelt, unspeakable happiness to those of His people who have been our helpers to labor and burden-bearing and who are still willing workers in the Master's service. Some have been called away to rest and the working time of others is fast nearing over. The night is near; the harvest great and laborers few, and the time in which we live demands of all earnestness, activity and diligence in the great work before us.

Ten years ago—and it seems but yesterday—we [illegible] to the [illegible] of Daytona—yes, ten busy years have swept over Daytona and wrought their changes and left their traces, telling away old memories with new experiences, lowering old identities in new associations and circumstances, bringing shrinking years with newer ones, reaping millions into life, tearing millions to their death, raising to rise and sowing down another, bearing rays of joy to some and casting others in the waste of mourning. Ten years have changed the streets of Daytona many bright and smiling faces. But where are they today? Some are still here, some are near while others are nearly sleeping in the silent city of the dead awaiting the judgment day. Ten days have passed as a shadow that passes, as the sun of a dawn of old times, more real than shadows or glasses, more fleet than a wave or a rhyme.

Not knowing what the year of 1910 may have in store for us, let us study more studiously to [illegible] ourselves, amid the multitudes of business, will stand as monuments of time or seek to [illegible] [illegible] upon and forgotten in death.

The year of 1909 has passed and gone. We are better on the [illegible] [illegible] in accumulation, how many years wealth and wisdom of our race have been wasted, opportunities neglected that might have made us great and good, now irretrievably and irrevocably gone. The year of 1909 added [illegible] added one more year to our lives. The hand on the face of the dial plate turned the year 1909. It never is as already and unfortunately so did all the years that are past and will mark the close for some of us. The clock-hand naturally moves to us, will it add one more to mine? And in the interval one will it be of joy or sorrow?

Looking back at the year 1909 as a [illegible] it will show, read, we know that it has [illegible] of joy to some and saddest others in the [illegible] mourning. But whatever it may have in store for us let us be thankful to the Creator of all things for the glorious gift of Heaven, for only through and by Him have we any hope of our resurrection from our dead and an entrance into the [illegible] of an eternal world. As the close of the present year let us be sure that our names are written in the Lamb's Book of Life where one year is as a thousand and eternity never ends.

Some are still here, some are gone, while others are quietly sleeping in the silent city of the dead awaiting the judgment day. Ten days have passed as a slumber that passes, as the dew of a dawn of old times, more frail than shadows on glasses, more fleet than a wave or a rhyme.

Not knowing what the year of 1909 may have in store for us, let us study with unabating interest the changes that may soon come into our lives, whether we, amid the multitudes of nations, will stand as monuments of time or soon to pass into oblivion, trodden upon and forgotten in death.

The year of 1908 has passed and gone. We are barely in the threshold of 1909. In retrospection how many years, months and weeks of our lives have been wasted, opportunities neglected that might have made us great and good, now irretrievably and irrevocably gone! The year of 1909 just added has added one more year to our lives. The hand on the face of the dial plate marks the year 1909. It came in as silently and unobtrusively as did all the years that are past and will mark one more for some of us. The question naturally comes to us, will it add one more to mine? And to the favored one will it be of joy or sorrow?

Looking back at the year 1909 as it marched in with silent tread, we know that it bore cups of joy to some, and clothed others in the weeds mourning. But whatever it may have in store for us let us be thankful to the Creator of all things for the glorious gift of His Son, for only through and by Him have we any hope of our resurrection from the dead and an entrance into the glories of an eternal world. And on the close of the present year let us be sure that our names are written in the Lamb's Book of Life where one year is as a thousand and centuries never end.
